

GOVERNOR ARNOLD SCHWARZENEGGER

January 29, 2010

*Los Angeles Lawyers Philharmonic*

It is a pleasure to extend my congratulations as you celebrate your first anniversary.

I applaud your terrific efforts to expand your talents and encourage musical appreciation. Your hard work, both in the courtroom and on stage, has strengthened California, and you deserve a big hand for sharing your love of music with others.

Thank you for continuing our Golden State's legacy of excellence in the arts. I commend you, your supporters and your founder-conductor, Gary S. Greene, for strengthening your community through your performances.

Congratulations again, and I wish you many more years of success.

Sincerely,
